

# We have Unlocked Private Healthcare for Municipal Workers!

You put us first during a deadly pandemic. Municipality workers you're our **HEROES**. Now put your health first. We have Unlocked private healthcare just for you!

We have given you even more reasons to **JOIN SAMWUMED** by further improving our **2022 Benefits** by the following:

Introduced a Multi-Vitamin benefit of R100 per family per month.

Improved our Maternity benefit to include: a baby bag with baby essentials for all new-born babies and one additional scan per pregnancy, taking the number of scans to three (3) per pregnancy.

Introduced a hearing test for new-borns.

Improved whooping cough booster dose medication to now include beneficiaries from 7 to 64 years of age. Whooping cough is contagious disease that is characterised by convulsive coughs.

Improved our Cancer benefits by shortening the number of years for mammograms (breast cancer scans) from every three years to every two years for female beneficiaries from age 45 to 70.

Introduced HPV vaccine to fight the HPV virus which can cause cancers later in life, to our preventative care benefits for female beneficiaries between age 9 and 14 years.
